Wii BOWLING RULES:

- Bowling teams are made up of four to six bowlers. Each team will bowl two games once a week. Second game can be bowled by alternate registered bowlers in same team.
- A tournament format is used. All teams are randomly split into two leagues.
- Each team bowls for seven weeks, two games per week. Scores are recorded at that time for both competitions. League standings are determined by points awarded weekly based on total pin count of that week's matches.
- Following the seven week competition, the top eight teams with the highest point total from each league (16 teams total) will be announced. The final 16 teams will bowl in the 8th week. The top eight teams will then advance to the 9th week and bowl to determine the "Final Four." The final four teams will travel to Springfield for the final championship tournament.
- Final Four teams will be required to use the "Sport" (not Resort) version of Wii.
- AALC will provide transportation, room and board for all the finalists.
- Trophies will be awarded to all teams in the final four.
